Project Title	REACTIVATE
Call for proposal	<p>Preparatory action: Reactivate - Intra-EU job mobility scheme for unemployed over 35</p> <p>Call for Proposals VP/2018/014 http://ec.europa.eu/social/main.jsp?catId=629&langId=en&callId=540&furtherCalls=yes</p>
Project objectives	<p>The objective of the action is to test the feasibility of an intra-EU job mobility scheme for the age group above 35 years, with a particular focus on unemployed citizens, including long-term unemployed. Similar to the targeted mobility scheme "Your first EURES job"(YFEJ) helping young jobseekers under 35s, "Reactivate" intends to help adults to find employment or traineeship opportunities in other EU countries and foster their full integration into the labour market.</p> <p>The end beneficiaries will be jobseekers and job changers and trainees aged 35+ as well recruiting enterprises, including SMEs. Both individuals and enterprises may receive direct financial support in the form of targeted allowances, including allowances for spouse and dependent children as well as financial contribution needed for upskilling and certification of qualifications needed by future employer. Placements may, inter alia, take place in the context of regional cross-border initiatives and/or projects dedicated to particular sector(s).</p> <p>The action supported by the projects shall — carry out outreach and information activities towards target groups and in particular to employers and other stakeholder organisations interested in sharing opportunities, offers or job vacancies with the consortium; — provide information on the Reactivate work opportunities and support available to the EU citizens over 35 years; — establish cooperation with other organisations willing to act as information multipliers on Reactivate e.g. trade unions, employers' associations, chambers of commerce, vocational and education organisations, etc. — develop and deliver a comprehensive, tailor-made package of mobility services, combining customized activation measures with direct financial support to both the target group of EU citizens over 35 years of age and employers (in particular SME's); include at least, as activation measures within this package, information and assistance with offers and vacancies, matching these with candidates and the preparation of the placement/recruitment in a number of Member States involving jobs and/or traineeships; — provide one or more items of direct financial support to both the target group of EU citizens over 35 years of age and employers (in particular SME's) in accordance with the five pre-defined items in this call (Annex I); — test the feasibility of the services and support measures above also for placement of candidates in traineeships in another country, having regard to the diversity (or lack) of regulatory frameworks at national level (notably for open market opportunities). For those placements, applicant organisations could identify one or more economic sector(s) and/or country(ies) offering such vacancies and provide support services adapted to the specificity and needs of both candidates and employers. The scope of the action in terms of traineeship placements could represent a small percentage of the overall number of expected placements.</p>
